

EZ ADAS RECALIBRATION SYSTEM

PRECISION MEASUREMENT FOR EASY ADAS RECALIBRATION

Unmatched productivity, performance and value.

INTRODUCING THE **EZ-ADAS** RECALIBRATION SYSTEM

JohnBean™

EZ-ADAS RECALIBRATION SYSTEM. A UNIQUE SOLUTION TO MAKE ADAS RECALIBRATION EASY.

DESIGNED TO KEEP VEHICLES MOVING SAFELY DOWN THE ROAD

Even if you don't think you're in the ADAS business, you are. ADAS creates new challenges for repair shops of all kinds and even simple repairs can result in the need for recalibration.

The EZ-ADAS Recalibration System is an innovative collection of precision tools with leading-edge design. It features an intuitive laser-guided target placement that ensures accurate, error-free positioning and increases shop productivity.

Vehicles equipped with ADAS are required by many OEMs to be in proper wheel alignment before any recalibration. Be prepared to deliver precise results by pairing the EZ-ADAS system with a John Bear® audit alignment check to validate OEM specifications and have easy access target placement instructions.

KEY FEATURES

OEM BASED UNIQUE CENTERLINE SETUP PROCESS

- Target placement guide uses clear, easy steps directly identified from the OEM of the vehicle you are repairing, eliminating uncertainty

FAST AND EASY SETUP

- Our simple three part system is fast to set up. It is fully mobile and folds when not in use reducing the space needed for storage

PRECISION

- High accuracy laser positioning system, combined with our unique target placement, allows any technician to quickly position the target in the OEM required location. It is simple to use and requires minimal training

INNOVATIVE DESIGN

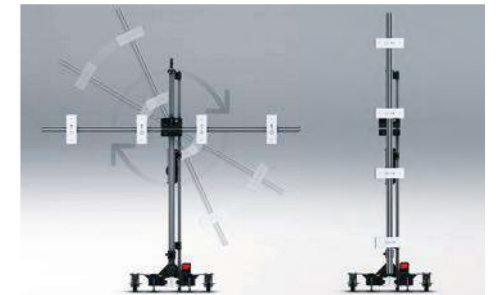

- Our patent pending target placement design provides clear visual indication of vehicle centerline and target positioning, promoting increased accuracy and speed with minimal training

Precision pinpoint laser technology

Patent pending target positioning

Easy fold and store

Mirror laser stand for easy centerline matching

EZ-ADAS
RECALIBRATION SYSTEM

Allows shops to expand services and compete more effectively in today's advanced repair environment

MOBILE APP

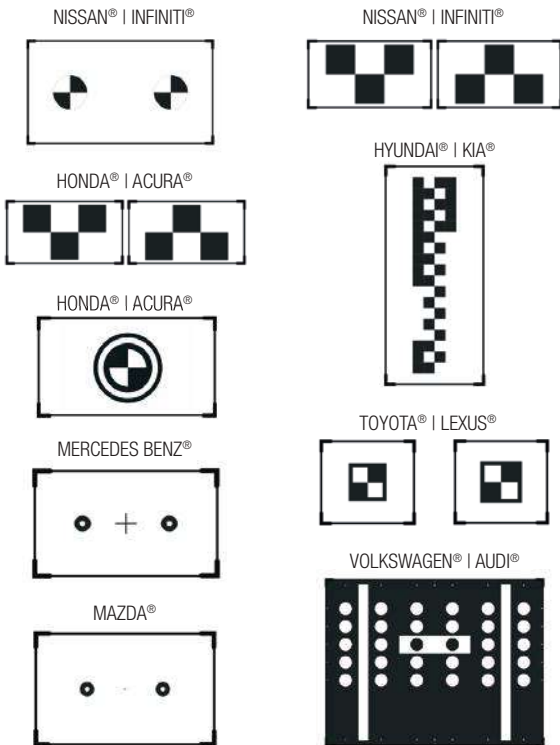

EZ-ADAS offers an exclusive APP with step-by-step videos that includes all information needed to perform recalibrations. It's the perfect combination between tutorial videos for target placement and data, right at your fingertips.
